JNS GROUPS **MINING- IT SOLUTIONS**

Established in 2020, JNS Mining-Logistic-Commodities is a leading South African company specializing in mining, logistics, and commodities. Committed to excellence, we offer superior services and products to our clients, supported by a team of seasoned professionals. JNS Mining-Logistic-Commodities-Agri focuses on importing mining commodities from neighboring countries, notably Zimbabwe and Zambia, to meet our clients' diverse needs. Leveraging strategic partnerships and extensive networks, we ensure the seamless procurement and transportation of high-quality mining products to South Africa.

Complementing our mining endeavors, JNS Cloud Solutions stands as a premier IT service provider, offering a suite of services designed to empower businesses in the digital age. Since 2013, we have been dedicated to delivering tailored IT solutions to enhance productivity, streamline operations, and foster innovation. Our services include Managed Services, Professional Services, QA Services, and Outsourcing Resources, all crafted to meet the unique demands of our clients.

At JNS Mining-Logistic-Commodities-Agri, we are driven by a commitment to excellence, innovation, and client satisfaction. With a strong leadership team led by CEO Gurralla Nagaraju and a diverse portfolio of services, we deliver unparalleled value to our clients across South Africa and beyond. Our turnover ranges from 10-15 million, and we employ over ten professionals across South Africa, Zimbabwe, and India. We also export to countries including China, India, and the Netherlands.

Gurralla Nagaraju, based in South Africa since 2008, leads the JNS Group with a wealth of experience and expertise in the South African business landscape. Nagaraju has played a pivotal role in the success of multiple companies across various sectors, particularly in IT. His notable contributions include assisting renowned organizations such as MTN, GEMS, Transnet/T-system, and the public sector in implementing innovative IT solutions to drive growth and efficiency.
