A Division of Shaurya Steel (Pty) Ltd

Force Steels is an ISO Certified steel manufacturing company that operates from the city of Nigel in Gauteng Province. Established in 2014, the company specializes in melting scrap to produce high-quality reinforcing and structural steel. Force Steels has a presence in Johannesburg and associates in India. Over the years, Force Steels has leveraged its industry expertise to deliver a range of long steel products, including Rebar, Round Bar, Equal Angles, Tapered Flange Channels, and IPE Sections, with an impressive installed capacity of 150,000 metric tons per annum.

The company operates an integrated steel plant equipped with a Melting Shop, Continuous Casting Machine, and Rolling Mills, ensuring efficient production of diverse steel products. Through continuous innovation, Force Steels has evolved its offerings, with a constant focus on improving the durability, efficiency, and functionality of its products. Through its core values of sustainability, excellence, quality, leadership and innovation, the company commits to function in a responsible manner with respect to the health, safety and wellbeing of its employees, contractors and the community in which it operates. It is also devoted to offer sustainable management initiatives for the environment and its Corporate social responsibilities.

As a quality-oriented organization, Force Steels fulfills its promises to customers, business associates, team members, and stakeholders. With a belief that no dream is too big and no mission impossible, FORCE's vision is to attain maximum heights in the South African steel industry. To achieve sustainable growth & provide outstanding quality, service and value to the customers & to win their trust through continuous improvement driven by the integrity, teamwork, and innovation and our unfailing services besides becoming a socially responsible company that makes a difference.

For the FY 2023-2024, Force Steels achieved an annual turnover exceeding ZAR 1 billion, supported by a dedicated workforce of approximately 350 employees, all based in Gauteng.

Force Steel South Africa is led by our Director, Mr. Gaurav Bansal, a qualified Chartered Accountant from India and Australia. He has vast experience in various industries during his professional career. After moving to South Africa in 2012, he initiated Force Steels in 2014 and is currently responsible for Sales, Finance and Compliance.
