ILANGA LE MVELO TRADING & INVESTMENTS

Ilanga Le Mvelo Trading & Investments (Pty) Ltd is a South African based subsidiary of Sun Group a international commodities trading company with a reach in over 15 countries. In which the group handles 4 million tonnes per year of fertilizer product and various minerals. We believe in building long term strategic and mutually beneficial business relationships. This has provided us the competitive advantage of being able to provide significant savings and sourcing options for our customers through competitive and reliable sourcing from our long-term relationships with multiple producers and manufactures of these products.

The company was originally established to capitalise on the strong international business links, in the area of commodity trading especially in fertilizer trade and bulk shipping industries. Since establishment in 2010, the company has continuously explored and capitalised on new trading opportunities over the years i.e.: manganese, chrome & iron ore. Resulting in our annual turnover being above R600 million for AFS 22-23.

Based in Sandton, Johannesburg our office is staffed by a dynamic team, coordinating and linking, on a local and global scale. Steadily exploring new opportunities and expanding current undertakings in striving to meet demand.

Padma Shri Vikramjit Singh Sahney, Chairman of Sun Group, along with Managing Director Amandeep Sahney, provides esteemed leadership to Ilanga Le Mvelo. Under their visionary guidance, Director Mr. Nishant Mehta, who brings over 16 years of experience in the commodities sector, spearheads the organization. Together, this dynamic team provides strategic direction and fosters sustained growth for the organization. Mr. Mehta's extensive expertise, combined with the visionary guidance of Mr. VS. Sahney and Mr. A. Sahney, ensures that Ilanga Le Mvelo remains a leader in its field, continually evolving and expanding its impact.
