

## Mining & Metals Sector

# NG GLOBAL ENERGY SOLUTIONS

NG Global is a diversified commodity trading and junior mining company that specializes in providing pit-to-port supply of various commodities. Our product range includes various grades of coal, manganese, and iron ore.

At NG Global, we have extensive knowledge of our products and markets, logistic mechanisms, and end-use applications. This enables us to offer turnkey solutions to our clients across the globe, including those in cement, steel, paper, pulp manufacturing, and power generation industries. Currently, we have 30 employees on our payroll, based in Gauteng.

We take pride in our ability to deliver high-quality commodities on time and efficiently, and this is reflected in our track record.

To date, NG Global has exported over 6 million metric tons of coal to more than 15 countries worldwide, cementing our reputation as a reliable supplier of choice.

NG Global Energy Solutions is proudly a Level 1 BBBEE South African company, established in 2017.

The company specialises in the turnkey supply of various grades of coal and other commodities including manganese and iron ore to end-users both locally and abroad among our junior mining activities.

Our services extend across the value chain and include the sourcing of the product and transporting the product via road, rail, and sea. In the instance of sea freight via FOB or CFR, our services extend to coordinating the loading of the product on the vessel to minimize delays and costs as far as possible.

To date, NG Global has exported over 6 million metric tons of various grades of coal via RBCT, Durban and Maputo ports across the globe.

Our end-users are based locally across South Africa, in Europe, India, Pakistan and China and include power generation, cement, steel and fertilizer manufacturing among others.

Navneet Goyal is the managing director of NG Global and is responsible for strategic business development. Navneet has over 15 years of experience working in mining, operations and commodities trading industries across Africa, Europe, and Asia. Navneet has various qualifications including a bachelor's degree from India and Operations Management from UNISA and is driven by his passion and knowledge of the global commodity markets and mining supply chain.
