

## Other Sector (Distribution)

# RAINBOW POWER SOLUTIONS

Rainbow Power Solutions (RPS) is a leading provider of premium renewable energy and tarpaulin solutions in South Africa, dedicated to delivering exceptional quality products that meet global standards. With a team of highly skilled professionals, RPS ensures meticulous attention to detail through rigorous inspections, guaranteeing unparalleled product excellence. The company's advanced warehousing facilities maintain a strategic edge in the supply chain, enabling it to offer a diverse range of products that cater to various needs.

Under the Tandhan umbrella, RPS has expanded its reach across the entire SADC region, as well as Afghanistan and Tanzania, establishing a robust and extensive regional distribution network. This demonstrates a significant regional presence, showcasing the company's ability to adapt and thrive in diverse markets. Furthermore, the Tandhan Group's network boasts a significant global presence, with a footprint spanning multiple countries including Bangladesh, Myanmar, Dubai, South Africa, Kenya, Sudan, and Nigeria.

Since entering the South African market in June 2023, RPS has quickly established itself as a reliable provider of power solutions and durable tarpaulins. This rapid growth and reputation building demonstrate the company's effectiveness in meeting local needs. With its headquarters in Johannesburg, RPS ensures efficient nationwide distribution across South Africa, enabling the company to coordinate logistics and support services effectively.

Aligned with the Tandhan Group's strategic vision, RPS aims to become Africa's largest distributor of renewable energy solutions, driving growth, sustainability, and innovation across the continent. To achieve this goal, RPS has set an ambitious financial target of \$6 million for 2024, demonstrating the company's confidence in its growth trajectory and commitment to financial performance. With a dedicated team of six employees, RPS is committed to delivering exceptional service and support, solidifying its position in the power solutions sector. With Tandhan Polyplast, a leading tarpaulin industry player in India, RPS benefits from expertise and innovation, enhancing its offerings and capabilities. This partnership enables RPS to make a significant global impact with high-quality protection products, further solidifying its position as a trusted partner for power and tarpaulin solutions in SA and beyond.

Mr. Harpreet, a visionary leader, has been instrumental in guiding RPS to new heights. His deep industry knowledge and commitment to excellence have positioned RPS as a key player in the power solutions market.
