

Pharmaceutical Sector

DR. REDDY'S

Dr. Reddy's is a global healthcare company with a history of cutting-edge scientific capabilities that has led to several industry firsts worldwide.

Dr. Reddy's Laboratories South Africa, continues this legacy by pursuing strategies focused on meeting the current and future needs of patients in South Africa. This mission is driven by our aspiration to provide more affordable, generic, biosimilar, and innovative medicines for patients to address unmet medical needs and support optimal health outcomes.

Our focus on generics, biosimilars, digital therapeutics, and innovative medicines is evident in our diverse product portfolio which includes medicines covering the following therapeutic areas: Gastrointestinal, Allergy, Respiratory, Anti-infectives, Neurology, Psychiatry, Cardiovascular, Diabetes, Oncology and Haematology

We aspire to improve access to healthcare by offering patient-centric solutions that address the unmet medical needs of patients in South Africa, and we are always committed in our purpose of ensuring that 'Good Health Can't Wait'.

Dr. Reddy's Laboratories South Africa is led by Dr. Rashem Mothilal (BPHARM, MBBCH, MBA) who has 20 years of diverse pharmaceutical experience in South Africa, having managed innovator and generic businesses, across a variety of therapeutic areas.
