# **RBC PHARMACEUTICALS**

RBC Pharmaceuticals holds SAHPRA License No: 0000001436.-.1 and Medical Devices License No: 00001169MD\_v2 in accordance with Section 22C of the Medicines and Related Substances Act 101 of 1965 in South Africa and operates a branch in India. Our primary focus is to enhance the quality of life for patients with essential medical needs by providing high-quality and affordable medicines. RBC is proud to collaborate with world-renowned pharma partners and suppliers within the South African market. We have a strong presence in the pharmaceutical and medical device sectors and actively engage with market leaders to offer qualitative and quantitative products in generic pharmaceuticals and new chemical entities (NCEs).

In South Africa, we embarked on our journey in 2017 by registering our medical devices company with SAHPRA. Subsequently, we registered our pharmaceutical company with SAHPRA in 2022, obtaining SADC export licenses. As a Credible and established regulatory and pharmaceutical quality experience team: over 14 years accumulated in-house. Strong foundation in every sphere of the pharmaceutical industry, including Compliance, Tender market, Public and Private sector hospitals business, Research, Clinical, Wholesalers, Retail and Academic fields with tremendous annual growth in sales. Our annual sales turnover for FY23-24, ending March 2024, is approximately more than R30 million. We primarily supply to state hospitals, government institutions, and private chain pharmacies across the country.

Currently, we have around five employees on our payroll and three consultants based in Johannesburg, Business in Gauteng, Mpumalanga, and the Western Cape. We anticipate our workforce to exceed 10-15 by the end of this year. Our ambition is to become a major player in essential drugs and life-saving medicines and medical devices segments.

RBC Pharmaceuticals South Africa is led by our Director and Responsible Pharmacist, Mr. Jitendranadh Elugubanti, who has over 14 years of experience in the pharmaceutical industry, managing pharmaceutical and medical device operations.
